SEWP V General Information

The NASA SEWP (Solutions for Enterprise-Wide Procurement) GWAC (Government-Wide Acquisition Contract) provides the latest in Information and Communications Technology (ICT) and Audio-Visual (AV) products and services for all Federal Agencies and their approved contractors. The statutory authority allowing usage of the SEWP contracts by the entire Federal Government is NASA's designation as an Executive Agent by OMB based on the Information Technology Management Reform Act (ITMRA) of 1996, now the Clinger-Cohen Act.

SEWP Mission

The SEWP Program Office manages a suite of government-wide IT products and services contracts that enable NASA and all Federal Agencies to achieve their missions and strategic initiatives by providing streamlined access to critical technologies and solutions. The Program provides best value for the Federal Government and American taxpayer through innovative procurement processes, premier customer service and outreach, acquisition insight, and partnership with Government entities and Industry.

SEWP Vision

SEWP will provide Federal Agencies high availability access and insight to strategic solutions through utilization of SEWP's suite of ICT products and services. High level agency decision makers will have direct access to their

acquisition data to assist with strategic oversight and control of internal ICT acquisition and external supply chain processes.

SEWP V Ordering Process

The internal ordering process of each agency varies. The process and accompanying forms for PR's and DO's that are issued against a SEWP contract is defined by the issuing agency and not the NASA SEWP Program Management Office (PMO). The typical process, however, is for an end-user to determine a requirement and generate a purchase request (PR). The PR along with any necessary funding information is sent to that Agency's procurement office which results in the issuance of a delivery order (DO). Any valid Federal Agency DO form and the associated delivery order number may be used. The NASA SEWP Program Management Office (PMO) does not issue DO's - these must be issued through the issuing Agency's procurement office. The SEWP Program Management Office (PMO) reviews, processes and tracks issued DOs and forwards them to the Contract Holder(s).

Some agencies have special requirements for issuing IT Delivery Orders. It is the Issuing Agency's Contracting Officers' (COs/KOs) responsibility to be aware of any agency-specific policies regarding issuing orders via an existing contract vehicle and Government Wide Acquisition Contracts. There are no requirements under the SEWP Contracts for issuing agencies to use other intermediary procurement offices, except as directed through their own internal policies.

Regardless of Agency-specific Ordering processes, the general flow for SEWP orders is:

End user or Contracting Officer (CO)	NASA SEWP PMO	SEWP Contract Holder
1. Determines best value through market research. 2. Creates Delivery Order citing NASA SEWP Contract # and Prime Contract Holder. 3. Sends order to NASA SEWP BOWL. 4. Obtain ITARs or note exception to ITARs requirement	1. Verifies Order. 2. Forwards valid Orders to the appropriate Contract Holder.	1. Processes Order. 2. Delivers equipment and services. 3. Invoices Agency or Contractor.

In order for the end-user or contracting officer (CO) to determine the best value through the evaluation of quality, price and seller background and experience, SEWP provides web-enabled tools to easily conduct market research.

- Market research.** According to Federal Acquisition Regulations, (FAR) Part 10, appropriate market research based on the size and complexity of the acquisition is required. NASA's Online SEWP tools assist in this market research process.
- Submit a Request for Quote** using the Quote Request Tool.
- Create a Delivery Order** using the SEWP help@sewp.nasa.gov support for government guidance. All Delivery Orders over \$5 Million must include the SEWP Fair Opportunity Form or equivalent information with the Deliver Order. Add link to NASA's [PDF form](#) and [doc form](#)

4. **Send order to NASA SEWP BOWL.** SEWP Delivery Orders must be routed through the SEWP Program Management Office (PMO) via fax or email. They should *not* be sent directly to the Contract Holder. Contract Holders may only accept Delivery Orders through the NASA SEWP Program Office and those orders must have an assigned SEWP tracking number or OSN (Ordering Sequence Number).

FAX orders and completed forms to (301) 286-0317 or

E-mail PDF or Image Files to: sewporders@sewp.nasa.gov

Or, send orders and completed forms to:

SEWP Program Management Office (PM)
10201 Greenbelt Road, Suite 200
Lanham, MD 20706

Phone: (301) 286-1478

Fax: (301) 286-0317

Note: It is preferred that orders be accompanied by the SEWP Fax Cover Sheet.

5. **NASA SEWP PMO verifies order** and forwards valid Orders to the appropriate Contract Holder. Under normal circumstances, the time between the receipt of a Delivery Order at the NASA SEWP Program Management Office (PMO) and submission of the order to the appropriate Contract Holder is less than 1 business day.
6. **SEWP Contract Holder processes the order, delivers equipment and services, and invoices the Agency or Contractor.**

If modifications are made to any order, these modifications must also route through the SEWP Program Management Office (PMO).

To assist you in preparing your delivery orders, below you will find important information in reference to processing delivery orders through the SEWP Program office. Please feel free to contact the SEWP helpline if you have any questions concerning your purchase orders, our web-tools or any SEWP related topics at 301-286-1478. Our hours of operation are as follow Monday - Friday 7:30 am to 6:00pm EST.

Delivery orders are required to contain the following information for processing. If the below information does not appear on the delivery order, the order may not be processed or processing may be delayed.

Surcharge

As of November 1, 2019, the SEWP surcharge for all orders is a 0.34%. The fee is included in the price of all products and is not separately listed on quotes. It is the Contract Holder's responsibility to pay the fee from their quoted product prices.

NASA SEWP reserves the right to adjust all surcharge rates as the SEWP Program Management Office (PMO) budget so requires.

Note that the NASA SEWP Program Management Office (PMO) operates on a non-profit, self-contained Full Cost Accounting Budget. The fees are set solely to fund the services and staff provided by the NASA SEWP Program Management Office (PMO). Collection of excess fees will result in either an increase in services, a decrease in the fee structure or a combination of the two.

Who Can Use SEWP

The SEWP contracts are for use by NASA, all Federal agencies and approved federal agency support service contractors. Contracting officers considering authorizing support service contractors should review the policy at

AWARD-WINNING IT SOLUTIONS PROVIDER

FAR 51.101, and any agency specific guidance or policy, to make the appropriate determination and written finding which supports issuance of the authorization, as required by FAR 51.102 and FAR 51.107. (For NASA contracting officers, additional guidance is provided in the NASA Far Supplement at [Subpart 1851](#).) Approved support service contractors must comply with the requirements at FAR 51.103.

To authorize a contractor to purchase from the SEWP contracts, the authorizing contracting officer should send a copy of the authorization letter to the SEWP Program Management Office (PMO) containing all of the following information:

1. Authorizing Agency Name, Contracting Officer (CO) Name, Mailing Address, Phone/FAX number and the contractor corporate name, division, and address.
2. Contract number and period of performance
3. A statement that the contractor is authorized to purchase from SEWP contracts in support of the above contract.
4. The CO's/KO's signature and date signed.

The letter should be sent in advance of or with the first order via fax, e-mail or Ground Mail.
